

iconectiv NPAC Transition Progressing with Webcast for Low-Tech Interface (LTI) Users

PISCATAWAY, N.J. – June 7, 2017 – iconectiv, the next Local Number Portability Administrator (LNPA) for all U.S. regions, is continuing the transition of the new Number Portability Administration Center (NPAC) with a webcast for users of the Low-Tech Interface (LTI) GUI.

iconectiv will host a webcast on June 14, 2017 at 3:30 pm ET to prepare users that access the NPAC via the LTI GUI for the upcoming transition. [Registration](#) is now open for the webcast, which will focus on LTI training and testing options and provide a preview of the GUI. It will conclude with a question and answer session.

Users who have not yet registered for the iconectiv NPAC are encouraged to do so as soon as possible to ensure they will be able to participate in training and testing.

Further details on the transition can be found at www.numberportability.com. Users with questions can reach the help desk weekdays from 8:00am to 8:00pm ET at 844-820-8039 or via email at npac@iconectiv.numberportability.com.

About iconectiv

As the authoritative partner of the communications industry for more than 30 years, iconectiv's market-leading solutions enable the interconnection of networks, devices, and applications for more than two billion people every day. Working closely with private, government and non-governmental organizations, iconectiv continues to protect and secure telecommunication infrastructures for service providers, governments and enterprises, while providing network and operations management, numbering, registry, messaging and fraud and identity solutions to more than 1,200 organizations globally.

A US-based company, Telcordia Technologies, doing business as iconectiv, is a wholly owned subsidiary of Ericsson. For more information, visit www.iconectiv.com.
