ITP Testing Registration Form

FOR NANC 2.0.0 to 3.2.0

Date:

Vendor Name:

Vendor Agent/Supplier:

Point of Contact (for testing):
   Name:
   Email:
   Phone: Fax:
   Address:

Testing Period: (start must be filled)	**Date**	**Time**
Start:		
End:		

Extended Testing Hours Expected: ☐ YES ☐ NO

Test Access Type: ☐ Dial Up ☐ VPN ☐ Dedicated

Interface Under Test: ☐ SOA ☐ LSMS

Test Category: Note In order to conduct NANC 3.0 or higher NANC 2.0 must have been complete successfully.

NANC	2.0	3.0/3.1	3.2	
	☐	☐	☐	Stack-to-Stack
	☐	☐	☐	Security Group A
	☐	☐	☐	Security Group B
	☐	☐	☐	Managed Object
	☐	☐	☐	Association Management
	☐	☐	☐	Application-to-Application

System Under Test:
    System Name:
    System Version:
    Location
    Hardware Platform Identification:
    Operating System Identification:
    Protocol Stack Identification:
    Test Driver Identification:

(If two systems are being tested)

System Under Test:
    System Name:
    System Version:
    Location
    Hardware Platform Identification:
    Operating System Identification:
    Protocol Stack Identification:
    Test Driver Identification:

Protocol Stack Profile:	**Reference**	**Version**	**PICS reference**

Information Object Reference:
    Interface Specification
    Functional Specification
    MOCS Reference
Other Conformance References:
    SCS Reference:
    ICS Reference(s)
    IXIT Reference(s)
Prerequisite Met for Testing: Yes   No

Stack-to-Stack	☐	☐	Passed CTS-3 Testing
Security Group A	☐	☐	Passed Stack-to-Stack Testing
Security Group B	☐	☐	Passed Security Group A Testing
Managed Object	☐	☐	Passed Security Group A Testing
Association Management	☐	☐	Passed Managed Object Testing
Application-to-Application	☐	☐	Passed all previous testing

Supported Functions:	Please specify all the functions supported by your system(s)
SOA:	Port In Timer Type (Long/Short)
	Port Out Timer Type (Long/Short)
	Business Hours (Normal/Extended)
	Business Days (Normal/Extended)
	WSMSC Data (Yes/No)
	Network Data Download (Yes/No)
	serviceProvNPA-NXX-X Download (Yes/No)
	Number Pool Block Creation (Yes/No)
	Number Pool Block Modification (Yes/No)
	Subscription Version Notifications (Individual/Range-List/Both)
	SOA Supports Linked Replies (Yes/No)
LSMS:	WSMSC Data (Yes/No)
	EDR (Yes/No)
	serviceProvNPA-NXX-X Download (Yes/No)
	LSMS Supports Linked Replies (Yes/No)
