WNPO Team Meeting

March 12 – 13, 2001   Denver, CO

Portland Regency Hotel   **Portland, ME**   **Host: Verizon**

Monday & Tuesday April 9th (p.m.) – 10th (a.m.), 2001

Attendance:

Name	Company	Name	Company
Jim Grasser	Cingular	Anne Mardick	Sprint
Anne Cummins	AT&T Wireless	Jennifer Chartraw	AT&T Wireless
Gustavo Hannecke	NeuStar	Gene Johnston	NeuStar
Marcel Champagne	NeuStar	Julie Groenen	Verizon
John Jacobs	Nextel	Mark Wood	Cingular
Jean Anthony	Telecom Software	Rob Smith	TSI
Terri Becker	Sprint	Jerry Hill	Cingular
John Jacobs	Nextel	Daniel Moore	Qwest Wireless
Mark Dekker	Qwest Wireless	Rick Dressner	Sprint
William Schaefer	TSI	Maggie Lee	Illuminet
Michael Panis	Evolving Systems	John Malyar	Telcordia
Michelle Florczak	Verizon Wireless	Patrick Lockett	Sprint
Kelly Wiley	Qwest Wireless	Jim Alton	SBC Wireline
Linda Godfrey	Verizon	Dave Garner	Qwest Wireless
Jason Loyer	Telecorp PCS	Bridgitte Brown	Telecorp PCS
Lana Swalls	Williams Communications	Ron Stutheit	Evolving Systems
Sharon Bridges	Verizon	Joe Charles	Cingular
Tim Teply	Sprint	Lynn Greg	AT&T Wireless
Lori Messing	CTIA	Christy Brannon	AT&T Wireless
Jim Olsen	SBC Wireless	Alena Kendrick	Sprint
Suzell Wyvill-Jones	Cingular	Jason Lee	WorldCom
Anna Miller	Voicestream	Susie Neiman	AT&T Wireless
Charlie Case	Alltel	Kathy Campbell	Verizon
Kathleen Tendrick	Sprint	Maureen Callan	Qwest
Jan Dempsey	Illuminet	Cindy Sheehan	AT&T Broadband
Mike Panis	Evolving Systems	Chris Shunk	Verizon
Richard Bell	Verizon	Gloria ?	?
Dunice Harrell	Bell South		

Monday, April 9, 2001

Introductions and Agenda Review
Completed.

Last Month's minutes

"WNPO Minutes 3-12-01.doc"

Minutes from previous meeting approved.

New Business

- **Directory Listings:** Jim Grasser had a request from the OBF that each company contact their OBF representative regarding the pending Issue #2225 Directory Services Committee. At the May OBF meeting, the Issue to combine the DSR and LSR onto one form should be put in Final Closure in order to make the cut-off for LSOG 6.

  To read more information on this issue, go to www.atis.org.

- **Operator Services and LIDB Recommendations:** The recommendation of the LIDB subcommittee of the ATIS Message Processing Committee is that CMRS carriers put their numbers in LIDB so they can be accessible for 3rd number and collect queries (Billed Number Screening).

  Today, many Operator Services do NOT send queries to CMRS NPA/NXXs. This avoids the costs of queries when the result is known (generally CMRS do not allow 3rd number and/or collect) calls. After W-LNP, a number ported-in from a wireline, could become wireless. Then that NPA/NXX may be one that queries are launched on, but no information would be loaded into the LIDB so potentially a call might be allowed but not billable. Conversely, a wireless number that ports to wireline would be refused the ability to have collect and 3rd number calls, and that is a service they should be allowed.

  Jim Grasser agreed to take a PIM to the LNPA WG meeting. This issue will impact BOTH wireline and wireless. We will need to try to figure out how to notify the Operator Services community that they STOP using pre-populated tables after the introduction of W-LNP. These queries should be launched at the 10-digit level.

  More information on this issue can be found at www.atis.org in the meeting minutes from the Message Processing Subcommittee from the OBF #73 notes.

LRN Assignments

LRN Assignment Guidelines were discussed. We are trying to develop rules for numbers that should NOT be assigned as LRNs (e.g. working TNs, TLDNs, ESRDs, ESRKs, etc). We agreed to discuss a draft contribution to INC next month.

ICP Documentation

Lori Messing from CTIA joined us for a discussion of how we will handle the ICC process documentation going forward. Lori sees CTIA as the facilitator of the document, not necessarily the "owner" per se. Interested parties should send your ideas and the pros/cons for the various options discussed such as a possible LLC, the OBF, etc.

Regional Hours of Operations and Sunday

More discussion around Sunday Porting and Tunable Hours. Jean Anthony's change order (NANC 328) for "long business days" to be a tunable parameter was approved. Attached.

"NANC 328.doc"

Jean Anthony also provided the service provider maintenance windows (attached).

PIM2_SP_Maintenan
ceWindow.doc

The LLC requested some changes to the letter sent them by the LNPAWG Wireless Subcommittee. A new iteration will be sent. Additional support times will be required from the NPAC starting November 1, 2002.

ACTION ITEM: All providers are to develop/review scenarios regarding the impacts of the Business Hours and the Maintenance Window. Be prepared to discuss alternatives developed during the next meeting.

Requests for Testing with NPAC

Gene Johnson from NeuStar reports that approximately 50 service providers have contacted them. Out of that group, only 9 have actually signed up for testing with the NPAC.

Soft Launch in September

We discussed the "soft launch" in September. No specific date has been established. Confirmed that NO CUSTOMER PORTS will occur PRIOR to 11/24/02.

Verizon Clearinghouse Proposal

See attached:

"LNP - Single
Interface Concept_v:

"Contribution
Document for Cleari

Lot's of discussion on this one… and more will occur in the future. Anne Cummins/Lori Messing/Mike Anshul will address what forum should address this contribution and notify the team by the end of the week.

Chris Shunk, the author of the contribution, will work independantly to flesh out the details (pending the results of the legal review).

If approved, the contribution will go to the CTIA ICP process team to be worked. This contribution will not be discussed in the next ICP meeting since not all vendors will attend. (Next meeting in Atlanta 4-16 1p-5p and 4-17 9a – 1p. 1100 Abernathy Rd. Atlanta, GA. Bridge # 303 248-1962 – Chair – Dunice Harrell)

Antitrust

Mike Altschul discussed issues for the group to be careful about when participating in industry fora.

Testing Sub-Committee
They will publish their own minutes and information regarding Seattle meeting May 8th and 9th.
These minutes are also on the Wireless portion of the NPAC web site.

Remember: **To subscribe to the WNPO minutes, send an e-mail to** majordomo@telecomse.com **and in the body write <subscribe wireless_ops>.**

Next Meeting –

May 14, 2001 (1:00 p.m. – 5:00) & May 15, 2001 (8:30 a.m. – 12 p.m.)
Atlanta, GA – Bell South Hosts

Tentative Agenda:
NPAC Business Hours – Change Order
ICP Document Maintenance and Modification Process (OBF? CTIA? LLC?)
Maintenance Windows Impacts
        a.) Neustar
        b.) Service Provider
Report from Testing Subcommittee meeting May 8th and 9th in Seattle
NeuStar Request for Testing Updates
LIDB PIM
LLC Letter
Legal Review and more discussion regarding Verizon Clearinghouse Contribution

LNPA WG:	Host:
June 12 – 14	Sprint, Kansas City
July 10 – 12	Canadian Consortium, Ottawa
August 14 - 16	AT&T, Seattle
September 11 - 13	Verizon, Baltimore
October 9 – 11	SBC, San Antonio
November 13 - 15	NeuStar, New Orleans
December 11 – 13	Qwest, Phoenix
