

KEY ISSUES

- Test Plan
 - The Test Plan sub-working group met for 3 days and identified 90 inter-carrier test scenarios
- Reseller Options
 - Closed the issue with no change to the current porting process where resellers port subscribers through their facility based provider
- Co Chair Elections
 - Anne Cummins of AT&T Wireless was elected co chair
- NIIF LNP Issues
 - Reviewed NIIF Issue 0130 and agreed to monitor NIIF LNP guidelines and update as needed for wireless portability

ACTION ITEMS

- Standards Overview
 - Co chairs will request notification of T1S1.6, TR 45.2, and T1P1.5 LNP standards overview to CTIA members and distribute the Number Portability committees' missions, scopes, published standards, and work plans in preparation for the October meeting
- Inter-carrier Test Plan
 - Continue development of the test plan
 - The draft test plan will be posted to the Telecomse web site for LNPAWG access
- Directory Listing
 - Update WNPSC on OBF activity addressing directory listing requirements in an LNP environment
- Test Coordination
 - Monitor responses from the Regional Operations Teams liaison on the updated Wireless Number Portability Timeline reflecting inter-carrier test coordination
- Co Chair Elections
 - NANC approval of Anne Cummins as WNPSC co chair
